#### DESCRIPTION

This two- to four-week clinical rotation provides an opportunity for students to improve their knowledge of palliative care and pain and symptom management. They will appreciate the role of culture and spiritual needs in providing care for patients with serious and life-threatening illnesses. It is a unique opportunity to appreciate a team approach to patient care in the inpatient and outpatient setting. Students will be expected to function at the level of a sub-intern and work under the supervision of the attending physician.

#### PREREQUISITES

This course is intended for fourth-year students enrolled in the undergraduate medical education program at UCI School of Medicine.

#### RESTRICTIONS

This course is intended for fourth-year students enrolled in the undergraduate medical education program at UCI School of Medicine.

#### COURSE DIRECTOR

Solomon Liao has worked in higher education since 1999. Dr. Liao is the director of palliative care at UCI medical center and is board certified in palliative medicine and geriatric medicine.

Solomon Liao is the course coordinator for the 630R course.
