699R Departmental Research In Radiology
This course is available to UCI students only.

DESCRIPTION
Provides an opportunity for medical students to participate in research programs of the Department of Radiology. Individual faculty members will sponsor and supervise research projects jointly developed by the individual student and a faculty member. Credit and duration of each project will be variable, based upon the amount of time the student devotes to the project.

PREREQUISITES
Provides an opportunity for medical students to participate in research programs of the Department of Radiology. Individual faculty members will sponsor and supervise research projects jointly developed by the individual student and a faculty member. Credit and duration of each project will be variable, based upon the amount of time the student devotes to the project.

RESTRICTIONS
Approval from the Associate Dean of Clinical Education must be obtained prior to beginning research project. Student must submit a UCI School of Medicine student research, international and independent student application.

INFORMATION FOR THE FIRST DAY
Who to Report to on First Day: To be determined by the PI.
Location to Report on First Day: To be determined by the PI.
Time to Report on First Day: To be determined by the PI.

SITE: UCI School of Medicine

DURATION: Variable

Scheduling Coordinator: UCI students please call (714) 456-8462 to make a scheduling appointment. Student must submit a UCI School of Medicine student research, international and independent student application.

Periods Available: Throughout the year except the month of July.

NUMBER OF STUDENTS ALLOWED: Variable
WHAT STUDENTS SHOULD DO TO PREPARE FOR THE COURSE
Complete Research Elective Proposal and submit the document to the Associate Dean of Clinical Education.

COMMUNICATION WITH FACULTY
Questions about logistics should be directed to the Course Coordinator. Direct questions, comments, or concerns about the course can be directed to the Course Director. Contact information and office location are at the beginning of this document.

The Course Director is also available to meet in person. Please email your PI to arrange an appointment. To ensure that your email will not be lost in the large volume of email received, please use the following convention for the subject line:

SUBJECT: COURSE NAME, your last name, your issue (e.g. XXX, Smith, Request for appointment)

2. Course Objectives and Program Objective Mapping
The following are the learning objectives for the 699R course. Students are expected to demonstrate proficiency in these areas in order to satisfactorily complete the course. In addition, the extent of a student's mastery of these objectives will help guide the course evaluation and grade.

<table>
<thead>
<tr>
<th>Course Objective</th>
<th>Mapped UCI School of Medicine Program Objective</th>

new knowledge and skills in their own recognized areas of learning deficit

3. Major Exams, Assignments and Grading

MAJOR ASSIGNMENTS AND EXAMS
Students will participate in research activities under the supervision of departmental faculty.
The research project is approved in advance by the Associate Dean of Clinical Science Education & Educational Technology and the requirements for satisfactory completion of this elective include prior agreement with a SOM faculty mentor who will also provide a written evaluation at the end of the elective, and a written report from the student, which can be in the form of a brief scientific report, a draft manuscript or poster.

THE GRADING SCALE
Medical Students are graded using the following scale: Honors (H), Pass (P), Fail (F), and Incomplete (I). For further information, please review the Grading Policy.

You have 30 days from the date of the grade to appeal any aspect of this grade. Please contact your Clerkship/course Director should you have any questions.

Requirements for “Pass”:
To receive a grade of Pass, students must demonstrate successful performance in all the following areas:

- Knowledge
- Patient Care
- Practice-Based Learning
- Interpersonal & Communication Skills
- Professionalism
- Systems-Based Practice

Requirements for “Honors”: 
To receive a grade of Honors, students must demonstrate exceptional performance in all the following areas:

- Knowledge
- Patient Care
- Practice-Based Learning
- Interpersonal & Communication Skills
- Professionalism
- Systems-Based Practice

**Grounds for “Incomplete”:** You will not be issued a grade until all elements of the course have been completed.

**REMEDICATION**
Remediation, if needed, will be designed by the Course Director to suit the issue at hand.

**Grounds for “Fail”:** You will receive a grade of "Fail" if the requirements for passing the course have not been met. Please refer to the [Grading Policy](#) for the impact of the "Fail" grade to the transcript.
