

# Accreditation Communication

The Liaison Committee on Medical Education (LCME) will be performing an on-site survey visit for our next reaccreditation cycle from January 26-29, 2025. The LCME is the national accrediting organization for U.S. medical schools. UCI School of Medicine received its most recent full eight-year reaccreditation in 2017.

## News & Events: Class of 2024 Commencement

On May 18, 2024, we celebrated the graduation of 100 medical students in a memorable event at the Bren Events Center. Faculty, family, and friends supported them in taking the next step of their professional journey as they took their Hippocratic Oath. We are excited that many graduates are staying at UCI to begin their residency programs and many others are going to top programs across the country. Read about one of our graduates, [Leonardo Alaniz, M.D.](#), and join us in congratulating the new doctors of the Class of 2024!

Follow the Zot Quality Improvements in the [monthly Medical Education newsletter](#) for additional updates that support our students.

## LCME Spotlight Standard 6: Competencies, Curricular Objectives, and Curricular Design

LCME Standard 6 focuses on the faculty-defined competencies to be achieved by its medical students through medical education program objectives and the design of the curriculum to enable students to achieve these competencies and objectives. The UCI School of Medicine has 4 core competencies (knowledgeable, skillful, altruistic, dutiful) and 19 program objectives. To make these competencies and program objectives known to all our faculty and residents with responsibility for teaching, supervising, and/or assessing medical students, an annual training entitled “Faculty & Resident Training on SOM Learning Objectives and Key Policies” is assigned through the UC Learning Center. Many faculty and residents will begin to receive a notice to renew their training this month and it is important to complete this in a timely manner. Further, anyone at the School of Medicine can find and review the [school’s educational program objectives and course/clerkship learning objectives](#) at any time.
