Minnie Trinh	Building 53, Rm. 205,	714-456-5518	minniet@hs.uci.edu

DESCRIPTION

The four-week Operating Room elective is offered at UCI. Students are assigned daily to work with an anesthesiology resident and attending and are expected to fully participate in the anesthetic management of the surgical cases scheduled for his/her team. The first two weeks will be spent in the general OR, while the second two weeks will be spent on various subspecialties such as OB and acute pain.

Students will also participate in resident didactics, which may include Simulation and Ultrasound sessions.

PREREQUISITES

UCI students must have successfully completed their basic science curriculum and core surgery clerkship. Extramural students must be in their final year of undergraduate medical education

RESTRICTIONS

Enrollment priority will be given to UCI students. This rotation is not accepting international or osteopathic students. This elective is not open during block one or two.

COURSE DIRECTOR

Dr. Jean Vo

INFORMATION FOR THE FIRST DAY

Who to Report to on First Day: Contact Site Coordinator

Location to Report on First Day: Building 53, Room 101 (Education Center)

Time to Report on First Day: 8:30 AM

SITE: UCI Medical Center

DURATION: 4 Weeks. This elective is not open during block one or two.

Scheduling Coordinator: UC Irvine students please email comsched@hs.uci.edu to make a scheduling appointment.

Extramural students enrolled at a U.S. LCME medical school must use VSAS to apply. To apply please refer to the [Visiting Student Learning Opportunities](#) website.

Periods Available: Every 4 Weeks. The time of the course must be pre-approved by the elective director at least three months prior to the start of the course. No exceptions.

NUMBER OF STUDENTS ALLOWED: a combined number of 6 students between both 605A and 605D.

WHAT STUDENTS SHOULD DO TO PREPARE FOR THE COURSE

Prior the start of the rotation the student should visit the departmental website at http://www.anesthesiology.uci.edu/education_med.shtml . All orientation, contact and syllabus information can be found on this site

COMMUNICATION WITH FACULTY

Questions about logistics should be directed to the Course Coordinator. Direct questions, comments, or concerns about the course can be directed to the Course Director. Contact information and office location are at the beginning of this document.

The Course Director is also available to meet in person. Please email minniet@hs.uci.edu to arrange an appointment. To ensure that your email will not be lost in the large volume of email received, please use the following convention for the subject line:

SUBJECT: COURSE NAME, your last name, your issue (e.g. 605A, Smith, Request for appointment)

2. Course Objectives and Program Objective Mapping

The following are the learning objectives for the 605A course. Students are expected to demonstrate proficiency in these areas in order to satisfactorily complete the course. In addition, the extent of a student's mastery of these objectives will help guide the course evaluation and grade.

Course Objective	Mapped UCI School of Medicine Program Objective	Sub Competency	Core Competency
Demonstrate knowledge of the anesthesiologist's role in patient care.	A-5. Knowledge of medical practice, including healthcare economics and health systems impacting delivery and quality of patient care.	Medical Practice	Knowledgeable
Demonstrate knowledge of the principles of evaluation and preparation of the patient for surgery.	B-2. The ability to competently perform a complete and organ-system-specific examination including a mental health status examination.	Physical Exam	Skillful
Demonstrate skills to manage the intraoperative events.	B-3. The ability to articulate a cogent, accurate assessment and plan, and problem list, using diagnostic clinical reasoning skills in all the major disciplines.	Patient Management	Skillful
Demonstrate knowledge of the anesthesiologist's role as a consultant in the management of the trauma patient.	A-5. Knowledge of medical practice, including healthcare economics and health systems impacting delivery and quality of patient care. B-6. The ability to function effectively within the context of complexity and uncertainty in medical care.	A-5: Medical Practice B-6: Patient Management	A-5: Knowledgeable B-6: Skillful
Demonstrate knowledge of the anesthesiologist's role in the management of the parturient.	A-5. 3. Course Resources

TEXTS AND READINGS: SUGGESTED

Clinical Anesthesiology, Edward Morgan, M.D., Maged Mikhail, M.D. (on loan from the department) Essentials of Anesthesiology, David C.C.

4. Major Exams, Assignments and Grading

MAJOR ASSIGNMENTS AND EXAMS

Students are assigned on a daily basis to a team with an anesthesiology resident and attending and are expected to fully participate in the anesthetic management of the surgical cases scheduled for his/her team. Students attend department grand rounds, clinical case conferences, and simulation sessions during the rotation.

Daily attendance is expected. Students are expected to demonstrate cooperation and teamwork while part of the anesthesia care team.

THE GRADING SCALE

Students will receive a final grade of Honors, Pass or Fail for this course. The standard UCI elective evaluation form will be used to determine the student's final grade. The students' grade is based largely on faculty and resident evaluation of the students' performance throughout the course. In addition, grades will be based on attendance, participation in conferences and activities, and a final written exam.

You have 30 days from the date of the grade to appeal any aspect of this grade. Please contact your Clerkship/Course Director should you have any questions.

Requirements for “Pass”:

To receive a grade of Pass, students must demonstrate successful performance in all the following areas:

- Knowledge
- Patient Care
- Practice-Based Learning
- Interpersonal & Communication Skills
- Professionalism
- Systems-Based Practice

Requirements for “Honors”:

To receive a grade of Honors, students must demonstrate exceptional performance all the following areas:

- Knowledge
- Patient Care
- Practice-Based Learning
- Interpersonal & Communication Skills
- Professionalism
- Systems-Based Practice

Grounds for “Incomplete”: You will not be issued a grade until all elements of the course have been completed.

REMEDIATION

Remediation, if needed, will be designed by the Course Director to suit the issue at hand.

Grounds for “Fail”: You will receive a grade of "Fail" if the requirements for passing the course have not been met. Please refer to the [Grading Policy](#) for the impact of the "Fail" grade to the transcript.
